

# Six easy steps to install your bamboo spider

Instructions for models:

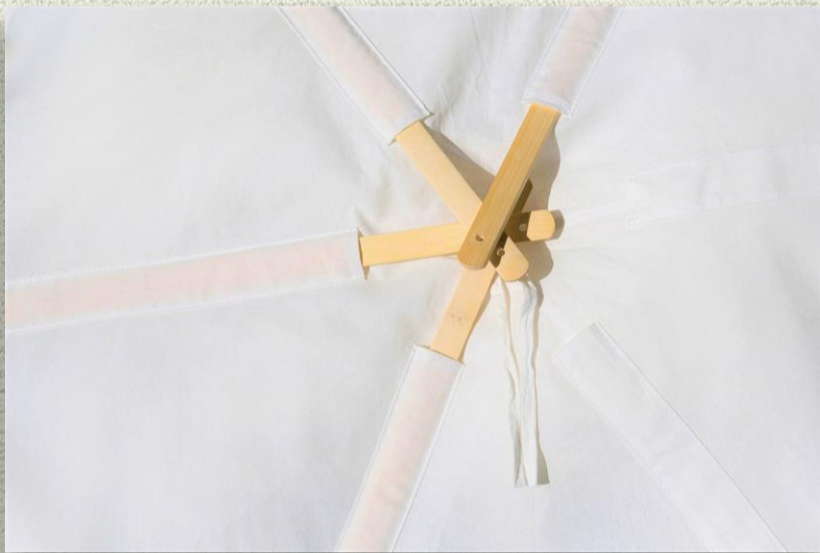

The AYU, The BULAN, The DEVI & The PURNAMA

**Step 1:** Take out the screw, the rings and the butterfly bolt from the bamboo sticks.

**Step 2:** Put the top of the mosquito net upside down on a clean surface

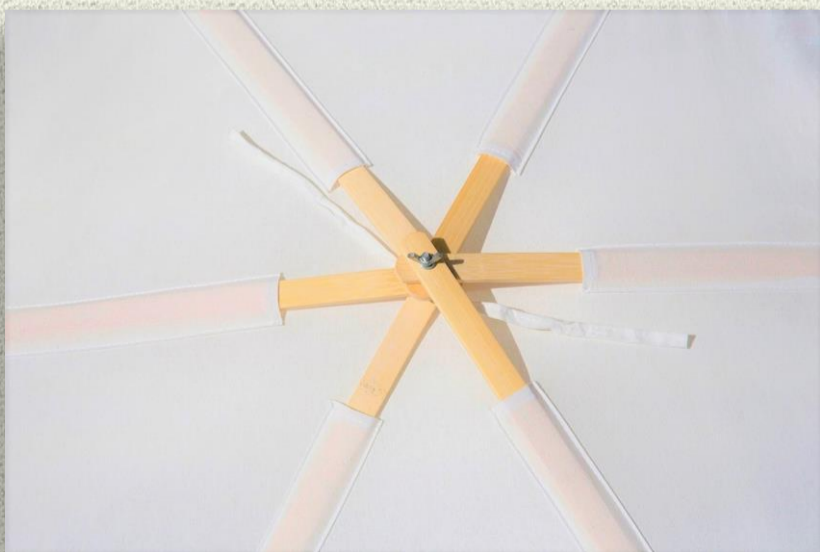

**Step 3:** Put the first 4 bamboo sticks in the pockets

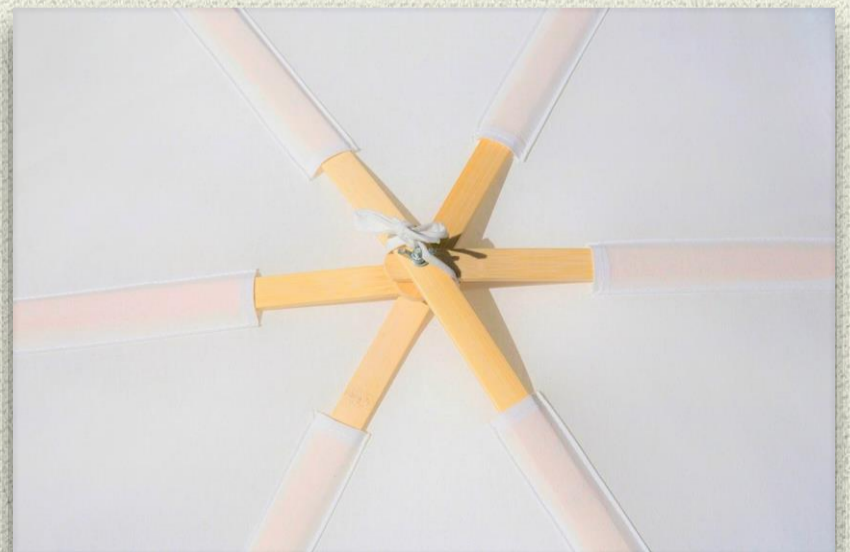

*Place a finger underneath for support*

**Step 4:** Gently put the screw through the holes of the 4 bamboo sticks

**Step 5:** Put the remaining bamboo sticks in the pockets and tighten the butterfly bolt

**Step 6:** Connect the top and the bamboo sticks with the 2 small cords
